

Valve control units NSAE

NSAE

PDFダウンロード 

- **Applications**

2-way, 3way valves for hot water supply and solar heating
Flow valve controls, position control and open/close

- **Features**

Accurate positioning by pulse control

- **Specifications**

Motor driving parts	Rated voltage	DC12V, Dc15V, DC24V
	Current input	350mA or less
	Excitation	2 phase excitation, uni-polar
	Step angle	7.5°
Output parts	Output shaft torque	0.64N · m
	Step angle	0.1166°
Operating temperature		-20 ~ 60°C
